[EXTERNAL] ARSim Access Key ☺ ↶ ↷ ↸

 [service@planeenglish.net](mailto:service@planeenglish.net) <service@planeenglish.net>  
To:  Sean Logan Today at 11:56 AM

## Hello -

An ARSim access key has been created for you for MTSUFL24SA.  
The key is: **MTSUFL24SA-gd7a2h99** (type in the entire code)

To use ARSim and access its training content is as easy as 1-2-3:

1. Download ARSim from the [AppStore](#), [GooglePlay](#) or access online at [www.arsim.ai](http://www.arsim.ai)
2. Create an account (must be same email as this one where you are receiving this message; and make sure to check your Spam/Junk folder for the account verification email)
3. Activate your access key:  
3a: On mobile devices, go to Settings > Institution and type in the code  
3b: On ARSim-web, go to Profile > License and type in the code

Let us know if you run into any issues ([service@PlaneEnglish.net](mailto:service@PlaneEnglish.net)) or visit our website (<https://PlaneEnglishSIM.com>) to check out the tutorial videos and other training resources.

Don't forget to keep track of your training and performance on the Dashboard (<https://dashboard.planeenglishsim.com>); simply sign in with your ARSim credentials.

Thank you,  
The PlaneEnglish Team

On The Account Page, Scroll Down to "Activate Access."

Log Into Your MTSU Email Account. Find the Email from PlaneEnglish with Your Institutional Access Code. The Email is Titled "ARSim Access Key."

Enter Your Unique Code and Press "Activate"

The App Will Reload

Look For the MTSU Aerospace Logo in the Top Left Corner of the Screen
